

Celebrating Women

March 21, 2010

Dear Members and Friends of NCWC:

Fabric of a Nation, the brilliant image on the previous page, was inspired by the rich ethnic diversity of Canadian Women, and is a tribute to their contributions to the social fabric of our country. It is also the centerpiece of the ***Celebrating Women*** collection.

You ***now*** have the opportunity **to purchase signed and numbered reproductions** of many of the original paintings ***at 40% off***. This dynamic artwork honours the pride, passion and perseverance of the women in our country.

We all ***know*** that women have been integral to the development of Canada's social heritage and national identity. This unique **project**, which **the National Council of Women of Canada (NCWC) sponsored, recognizes and embraces that.**

The artist's visual imagery reflects on the many roles women have played in the development of Canada, particularly in the roles of health, safety, education, human rights, cultural identity, family and community development.
