NCWCDO GRANT APPLICATION

Established by the National Council of Women of Canada in 1985, the NCWCDO is a Registered Charitable Organization*. NCWCDO is dedicated to the support of projects, in Canada and in developing countries, which are directed to educational and social welfare programs aimed at improving the quality of life for women and their families. The funds help to empower women, and at the same time, it provides opportunities for NCWC's provincial and local councils to become aware of the Canadian and global conditions (and actions) for women and children. The objectives of NCWCDO are:

- To advance literacy and basic education and provision of skill training for women and girls in third world countries and Canada, and when deemed necessary, provision for accommodation and meals during prescribed periods of training.
- To contribute to the general well-being of all members of a designated community through specific projects such as wells in third world countries to provide for pure water; a social or cultural facility to be available for recreation, health clinics, crafts, and adult education including health, nutrition and sanitation.

NOTE: The groups receiving funding will be asked to provide a report about how the funding was used. Pictures, DVDs, or other materials from the project will be used for promotional purposes and displays at NCWCDO fundraising luncheon, on June 1, 2012. **DEADLINE for submissions is March 31, 2012**
